 Best Doctors®

A lot of questions go through your mind when you've been diagnosed with an illness, or you're living with a chronic condition. But knowing exactly what you're dealing with – and getting advice from leading specialists – can give you and your treating doctor a clear way forward.

Best Doctors gives you access to the world's leading medical specialists from the comfort of your own home. If you or a member of your family faces an illness, injury or medical condition, Best Doctors will collect your medical records and arrange for a top international expert to review your case.

The expert will provide you with a report that empowers you with knowledge of exactly what your condition is and the best treatment plan. The report is designed for you to share with your treating doctor to provide certainty and comfort that you're on the right treatment pathway.

The ability for patients to access specific second medical opinions through the Best Doctors network will add reassurance and confidence for both patients and treating doctors.”

— Dr Russell Stitz AM

Former President of the Royal Australasian College of Surgeons and Director of the Australian Medical Council

There are no words to express the relief that comes with knowing that, rather than being in hospital, your son will be going to birthday parties and playing soccer. Thank you Best Doctors for saving my little boy from neurosurgery.”
